

To: State Board of Education

From: Dr. Michele Walker, Director of Assessment

Subject: Remediation Testing Grant Distribution

Date: May 27, 2015

Pursuant to HEA1001, “the Remediation Testing appropriations for remediation testing are for grants to public and accredited nonpublic schools through the department of education. Public and accredited nonpublic schools shall use the grants to fund formative tests to identify students that require remediation. Prior to distribution to public and accredited nonpublic schools, the grant amounts and formula shall be submitted to the state board of education and the budget agency for review and approval, and the department of education shall provide a report to the state budget committee.”

Remediation Testing Grant Distribution

Formative assessment grant formula is designed with the assumption that there is 100% participation in the formative assessment grant option for all students in grades 3-10. All funds allocated through HEA1001 will be distributed to the participating schools based upon request. If there is less than 100% participation, remaining funds will be redistributed to grant recipient schools, not to exceed the amount of the local vendor contract.

2015-2016 Enrollment Projections

	ACCRED NON PUB	PUBLIC + CHARTER	TOTAL
Grade 2	7,019	79,853	86,872
Grade 3	7,085	80,255	87,340
Grade 4	6,878	75,537	82,415
Grade 5	6,898	78,164	85,062
Grade 6	6,379	76,893	83,272
Grade 7	6,124	79,136	85,260
Grade 8	6,198	82,653	88,851
Grade 9	5,236	83,130	88,366
TOTAL	51,817	635,621	
Projected Student Enrollment 2015-2016			687,438
Allocation Maximum per Pupil			\$17.46
